

Hossam Ismail Ibrahim

Civil Engineering Student

Cairo, Egypt | +20 127 180 0286 | hossam.ismail.civil@gmail.com | [LinkedIn](#)

Profile

Third-year Civil Engineering student at Al-Azhar University specializing in Structural Engineering. Hands-on experience in structural drafting with AutoCAD and analysis using SAP2000, ETABS, and SAFE. Completed intensive AutoCAD Structural Design course and site internship on the High-Speed Electric Train Project. Seeking a Structural Engineering internship in a leading consulting engineering firm where I can apply and develop my technical and analytical skills.

Education

• Faculty of Civil Engineering | Al-Azhar University, Cairo

2023 – Expected Graduation: 2027

- Specialization: Structural Engineering
- Strong academic performance (Very Good – 1st year | Good – 2nd year)

Academic & Technical Projects

- AutoCAD Structural Design Course – Enskipa
- Produced complete structural drawing sets for Residential Villa (New Cairo) and Mechanical Equipment Store.
- Mastered axes, columns, foundations, solid & flat slabs, reinforcement detailing, and Egyptian Code compliance.
- Advanced AutoCAD techniques: layers, lineweights, dynamic blocks.

University Projects

- Structural modeling and analysis using SAP2000, ETABS, and SAFE.
- Prepared architectural and structural drawings for reinforced concrete elements.

Professional Internship

Site Engineering Intern | El Soaada Group – High-Speed Electric Train Project (Nile Bridge) Jul 2025 – Aug 2025

- Participated in substructure (piles with bentonite, pile caps, piers) and superstructure works (Omega girders, box sections, post-tensioning).
- Gained knowledge in ready-mix concrete and quality control.

Technical Skills

- Drafting: AutoCAD (Advanced)
- Analysis: SAP2000, ETABS, SAFE
- Office: Microsoft Excel (Advanced), Word, PowerPoint
- Construction: Site Supervision, Quality Control, ECP

Certifications & Activities

- McKinsey Forward Program Certificate (Soft Skills)
- AutoCAD Structural Design Course Certificate (Enskipa)
- Organizing Committee – AZEX Engineering Conference

Languages: Arabic (Native), English (Very Good)
